The collage contains various elements related to the Zone System:

- Grayscale Scales:** Multiple grayscale charts labeled with zones I through X, showing the relationship between zone numbers and exposure values.
- Camera Settings:** Images of camera LCD screens showing exposure modes, ISO, and aperture.
- Technical Diagrams:** Diagrams showing light meter placement, exposure compensation, and the relationship between zones and exposure values.
- Color Charts:** Color calibration charts and a color wheel.
- Photographs:** Various photographs demonstrating the Zone System, including a landscape, a person, and a sunset.
- Text and Captions:**
 - "ANSELL ADAM'S ZONE SYSTEM AND GRAYSCALE VALUES"
 - "The Zones"
 - "Landscape (L, 1/125)"
 - "Range of 11 Brightness Values in an Output-Referenced File"
 - "Tones Produced With 11 EV Values - Canon 5D MKII"
 - "Transmittance for Kodak Tri-X Pro"
 - "Your Pictures And Other Photographers' Pictures In Their Best Light"
 - "THZ COMMERCIAL Multi-zone Heating Controls"
- Tables:**
 - Table for Region I (Southern Midstates) with zones I-VI and exposure values.
 - Table for Region II (Central Midstates) with zones I-VI and exposure values.
 - Table for Autonomous Region of Mexico (Autonomous Region of Mexico) with zones I-VI and exposure values.
